A Utah Legacy, **Since 1966**

Mission

Preservation Utah works to keep the past alive, not only for preservation but to inspire and provoke a more creative present and sustainable future. We preserve, promote, and protect Utah's historic built environment through public awareness, advocacy, and active preservation.

Who We Are

Preservation Utah, formerly known as Utah Heritage Foundation, has been a cornerstone in safeguarding Utah's rich historical legacy since its establishment in 1966. Over the years, our dedicated efforts have preserved numerous iconic landmarks and structures, contributing significantly to the cultural vibrancy and identity of Utah.

What We Do

- Awareness—Provide public and K-12 education statewide, including tours and events, rehabilitation workshops, presentations, and lectures.
- Advocacy – Provide education and technical assistance that meets people where they are at with what they need to preserve and protect historic resources that matter.
- Active Preservation—Provide low-interest loans to property owners, directly protect 125 historic properties statewide, and operate and steward Memorial House in Memory Grove Park since 1994.
